THE BLURB

Issue 14, squeaky clean! I've been movin' 'round a lot recently! Ya see, I got some advice a while ago about ways to spread my hot new SINGLE! Well... it ain't so NEW now, I let it loose MONTHS ago! Anywho, I was talkin' to my buddy Virgil 'bout boostin' the numbers for ISSUE ZERO, 'n he told me to "take to the college circuit." I was gonna ask him what that meant, but then he had to take an important phone call. Takin' that advice, I rode on over to the first college that popped up when I looked up "colleges" online, MIAMI UNIVERSITY! I've been TRUCKIN' all around this sun-beaten campus peddlin' my tunes AND my ZINES to all the unsuspectin' FRATBOYS! What more, I've been meetin' all kinds-a ECLECTIC musicians here! I even managed to wrangle one for long enough so I could INTERROGATE 'em! Isn't college AMAZIN'?! I feel like Rodney Dangerfield in that one movie... uh... I forgot the title... OH WELL. Strap on yer backpack 'n get ready to CRAM 'cuz 'ol TeckHead's goin' BACK TO SCHOOL!

Ohhhh, that's what it's called...
